

Call for Applications Erasmus+ Staff Training

The Hochschule für Nachhaltige Entwicklung Eberswalde (Eberswalde University for Sustainable Development - EUSD) **calls for applications** to participate in the training staff program of Erasmus + during the winter term 2018/2019.

The staff-training program addresses academic and administrative staff. The aim is to provide the possibility to gain insights in academic teaching and study programmes at EUSD and to strengthen relations between EUSD and its partners.

Academic staff can apply for training by attending lessons/modules at EUSD and experience different teaching and learning methods and tools. The applicants select module(s) offered by HNEE based on their own academic research and teaching experiences. **Please find attached an overview of block modules in English and a selection of German block modules at our university for the winter semester 18/19.** You can also suggest other modules offered by EUSD (i.e. in German language).

Administrative staff will be involved in professional activities related to their working profile at their university.

Participants can spend a funded training period at EUSD for a minimum of five days to a maximum of 4 weeks. The grant for staff provides funding for two additional days of travel (one before and one after the mobility) and selected participants will get a travel contribution of 275 €.

If you want to participate, you need to apply at your home university and submit the following documents:

For academic staff:

- CV and letter of intent that also explains your choice of the module(s);
- Compulsory development of modules/courses which will be taught in English at UNFU
- English and/ or German language proficiency.

For administrative staff:

- CV and letter of intent that also states:
 - what do you hope to do and learn during your stay abroad; what are the expected benefits of your training for your department/ your university.
- English and/ or German language proficiency.

Please submit your application at your university until 25th May 2018 !

For further information, please contact your Institutional Erasmus+ Coordinator: Olena Vrublevska, Head of the International Office at Ukrainian National Forestry University: olena.vrublevska@nltu.edu.ua .

With kind regards,
Vera Clauder and Manuela Pelz
